

Your Baby's First Year Creatively Captured On a Deluxe 10"x30" Mounted Wall Panel

Dear new parents,

Congratulations on your new addition to your family. Your baby will grow so fast and the first year will be **THE** most important year. Why not capture that time forever, before it's too late? The baby's first year wall panel from Westmount Photography is the ideal keepsake.

Your baby's first year is the fastest growth period in your baby's life. We will photograph your baby at ages 3, 6, 9, and 12 months. We will then present you with a stunning 10"x30" composite with your favourite pose and expression of your baby's first year. You will love this. We guarantee it!

Now is the only time you can do this. Once your baby is older it is too late.

What is the Baby's First Year Program from Westmount Photography?

The Baby's First Year Wall Panel consists of FOUR high quality, creative portrait sessions of your baby. **These are not your typical portrait sessions.**

The first thing you will notice is we are not a high-volume studio where you wait in line only to be rushed through a "fast-food", cafeteria style session, only to be disappointed in the end. **Our photography stands above the crowd for creativity and style.**

The difference is obvious. You will be amazed at the variety and quality of poses you get to choose from. Our goal is to capture your baby using the most creative, cutest, sweetest and most endearing poses possible. Many of our clients tell us that when friends come over and see the photos of their baby, they often say they thought they were from a magazine or calendar.

All of your photographs are available in colour, black and white or in old-style sepia. We use only the softest, most flattering light to enhance and bring out your baby's features. ***Would you want it any other way?***

It All Starts With Baby's First Session

Newborn babies like to sleep and cuddle. They are little angels and make some of the nicest photographs because of these qualities. A little patience, timing and creative posing will allow us to capture these moments with poses similar to the ones you see in magazines and coffee table books.

You can even tell us your ideas, we'd love to hear them. Many parents are tired when they come in with their newborn baby, but are so happy once the first year is over to have these priceless memories.

Your baby's first session will convince you that you made the right choice for your baby's photography. Rob's easy going and creative style combined with the ultimate test, the images that you will get to see, and take home, minutes after your first session, will prove this to you.

Your Baby Will Grow So Fast and the First Year is the Most Important. Capture the Perfect Pose, Expression and Angle Unique to Every Stage During this Time.

The real fun begins when baby starts smiling those SO CUTE smiles....Your baby will grow a lot in their first year. The looks, expressions and mobility will be so different at each phase of their lives, that you won't want to miss any of it.

When your baby gets a little older you will start to see BIG CHANGES. Between the ages of three months and eight, your baby will start smiling and sitting up, not to mention the expressions and those chubby little baby parts. It's a great age for expressions, props such as our antique basin, antique boxes, flowers, metal wash basin, garden wall and many more, including old fashioned nudies.

We Know Babies

Don't be fooled by cheap imitation sessions. Many are rushed, dept. store type sessions, AND, you often end up paying more for a product that is *less than what you expected*.

When you bring your baby in on the Baby's First Year program, **you get to choose which four sessions are best for you:**

OPTION "A": 3, 6, 9 and 12 months

OPTION "B": Newborn 4, 8, and 12 months

The choice is yours. Which would you choose?

After you've had all four sessions created:

*you get to choose **your favorite pose from each session** that best shows this dramatic time in your baby's life

*we will create a 10"x30" plaque mounted wall panel.....

You will love IT! We guarantee it.

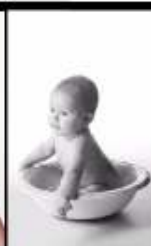

Hundreds Of Happy And Satisfied Clients

Many parents have been through our doors. They tell us the baby's first year panel is one of the **nicest memories they have hanging on the walls** in their children's bedroom or family room. We get loads of comments and feed back. Here's one of many, from Gilles and Seline Lemieux....

"Dear Rob, We really wanted to personally thank you for the fantastic job you did on our daughter's photographs. You've given us memories that will truly last a lifetime. We left your studio with such a warm feeling. We felt genuinely proud of our little girl! You brought out her true beauty and we've been able to share these long lasting memories with our entire family as well. Already we are eagerly looking forward to our next session. I went to a baby shower today and I could not have bragged about you more. I showed off my proofs from Saturday and told them all how incredible a photographer you are. If only I had pamphlets to give everyone. I did mention your website though. In ending, we would simply like to say thank you and see you at nine months. All the best, Gilles, Seline & Gabrielle Lemieux"

ONLY at Westmount Photography. We go further than anyone else by offering you our outrageous guarantee.... Love your baby photos! Be PROUD as can be to show them off to all your friends and family. Love the finished results in your prints as well. Be completely satisfied with the session, our service and your once-in- a-lifetime baby session, or you don't pay. NO questions asked. NO hard feelings either. We believe in our work that much, and know you will too when you call us to book your baby's session with Westmount Photography
