Family Creation Fee
3 easy steps

STEP 1- Decide if you want studio or on location.

Studio session fee is \$200.00

Location fee is \$225.00.

THIS INCLUDES A PRINT CREDIT OF \$150.00 towards your order.

Plan well. What are you going to wear for the best results? Tina can help, just ask or come in for an in person consultation.

STEP 2- Show up and let's create some timeless images.

STEP 3- Come into our studio and let's go over the images. This is an important step and all decision makers should be present. This can also be done via zoom when in person is too inconvenient.

NOTE: We don't sell digital files. You do however get a social media file of **any image your order**. Our aim is to create a **masterpiece wall portrait**.

Whatever you decide to invest in is ok with us. We are committed to creating a timeless and priceless art piece.

DESIGN TIP
